CAST & OPERATOR MANUAL - GIONSAI FACTORY HORROR

Date: 2026 Season | Inspection Attraction Operational Guidelines

[1] TIMELINE & ZONE FLOW

* ZONE 1: Instruct visitors to take inspection photos of 3 target points.
* Real-time Review: Verify clear photos in Admin Photo Review Queue.
* Approved -> Prompt visitors to advance to Zone 2 Machine Room.
* ZONE 2: Trigger machinery toggle / anomalous drone & low impact sound.
* END: Initiate power down shutdown sound and blackout overlay on PDA.

[2] EMERGENCY SAFETY PROTOCOL

* In case of visitor panic, tripping, or actual facility failure:
* Press [EMERGENCY LIGHT] in Master Effects panel immediately.
* All phone flashes and facility relays turn ON instantly.
* Open safety exit doors and escort all guests safely to the lobby.
